

FAXCONT PoE box camera housing

FAXCONT, a leading brand of surveillance enclosures based on Taiwan, delights to introduce their handsome outdoor/indoor (IP) (wireless) network box camera housing, FC-607, which provides optional plug-and-play, PoE, and wireless solution, can fit in almost any brands' cameras, such as SONY, AXIS, ACTi, PANASONIC, SAMSUNG, VIVOTEK, D-Link, TOSHIBA, GANZ, ELMO, JVC, CANON, SANYO.

FC-607 is an attractive outdoor/indoor dual-use top open housing, with build-in thermostatically controlled fan/heater. Fan/Heater can synchronous operation, and it also provide surge and over load protector. FAXCONT also specially deal with the surface of glass cover so that mist won't be easier to condense into dew that make the view not clear. For IP box cameras, the **PoE** is optional which support nearly 40 W power, and the quick connector is **IP 68 water proof**, and **plug-and-play**. FC-607 has an ABS & PC top, an Aluminum bottom, and an Aluminum sun-shield (ideal for outdoor use) to protect camera against heat from sunshine. It can accommodate camera/lens combinations up to 4.13" wide, 3.54" high and 11.81" long (10.5 x 9 x 30 cm).

FAXCONT series surveillance enclosures, such as dome housings and box housings, are all made in Taiwan to ensure high quality, and the prices are very reasonable. They are all **IP 66**, and compliance to CE, FCC, RoHs. The Nitrogen Pressurized Dome housing is **IP 68**. FAXCONT surveillance enclosures are very flexible for variety combinative packages, and there are arrays of optional accessories and solutions for your choice, such as wireless Antennas, PoE Splitter, FEVE coating, vandal proof cover, IR LAMP, variety camera mounting holder, fan/heater, and brackets, etc. FAXCONT surveillance enclosures can be used for many different brands, different models cameras. FAXCONT also provide Private Label orders, OEM/ODM.

Chains Technology Co., Ltd. was established in 1991, Taipei, Taiwan. It has been a leading professional designer and manufacturer of CCTV products for over a decade, and specialized in **IP/DOME HOUSINGS**, and **BOX HOUSINGS**. FAXCONT is the

self-brand of Chains Technology Co., Ltd. FAXCONT series surveillance enclosures include (IP) network box housings, 6 inch half-sphere dome / 6, 7 and 9 inch dome housings, Vandal proof Dome Housings, FEVE Salinization-Proof Housings, Nitrogen Pressurized Dome Housings, Speed Dome cameras, wall mount or ceiling mount brackets, and other accessories, etc. For more detail information please visit www.faxcont.com or contact representative,
